

MEDICAL BILL CLINIC

Synergy's Medical Bill Clinic

Don't pay full billed charges on hospital liens or provider LOPs. Less than 5% of the patient population pays full billed charges; why should your clients be among them? Why should your clients pay more than the reasonable value of the care they received? At Synergy's Medical Bill Clinic ("SMBC"), we are committed to ensuring that injured plaintiffs don't pay more than a reasonable amount.

SMBC HOSPITAL AND PROVIDER BILL REPORTS

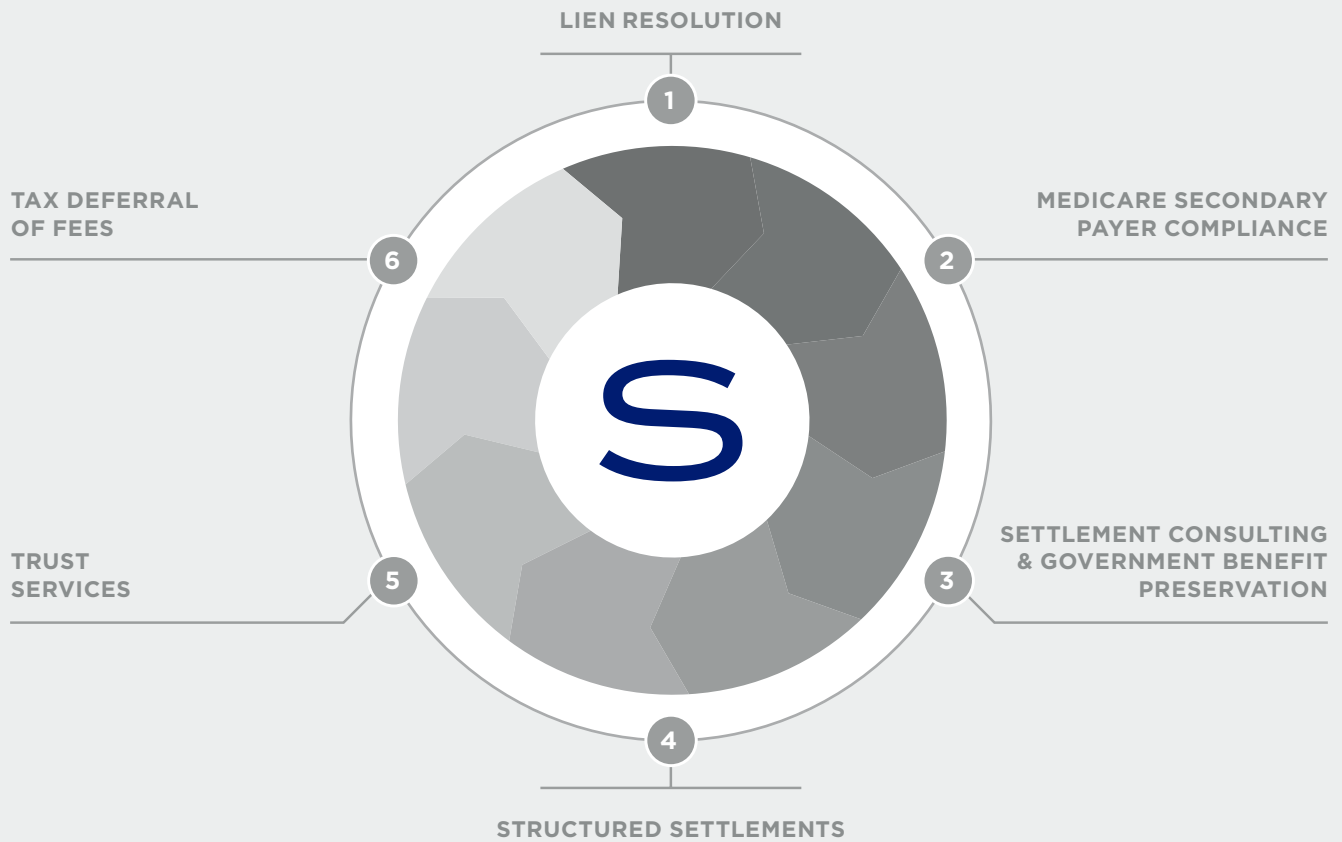

Knowledge is power. The law is settled in nearly every jurisdiction that medical providers and hospitals are entitled only to a "reasonable amount." So, negotiating the deepest possible discounts for your clients is impossible without knowing that reasonable amount. And knowing the reasonable value of medical care is impossible without knowing the cost of rendering that care, and other relevant data. Through SMBC, Synergy now provides detailed Reports on hospital and other medical care, analyzing your clients' complicated, coded bills and estimating the reasonable value of the care they received, so you can effectively and efficiently resolve their liens. Billed on a small percentage of savings basis, our Reports are always a savings, never an expense - if our Reports don't result in additional savings, they're free.

FULL SERVICE NEGOTIATION

SMBC's invaluable data analysis and methodology is now also available in combination with our best-in-class, fully outsourced hospital lien negotiation services. SMBC's highly experienced negotiators are committed to ensuring your clients don't pay more than the reasonable value of the medical care they received. Through Synergy's proprietary analytics and our relationships, reputation and experience in negotiating medical care nationally, our hands-free hospital and provider lien resolution services guarantee your clients' liens are released at an acceptable discount, or there's no charge. Let Synergy show you why SMBC is the best way to add value to your clients' cases while saving your firm valuable time and resources lost to post-settlement lien disputes.

Comprehensive. *Solutions.*
